
HELPFUL TIPS

Below are a few helpful tips on how to keep your password secure:

- Never share your login and/or password with anyone.
- Use strong passwords on all your accounts, such as a minimum of eight characters and a mix of special symbols, letters and numbers.
- Never use the same password for multiple accounts.
- Install anti-virus and anti-spyware software, along with a firewall, on your computer and keep them updated.
- Do not let others see you type your password, and protect your computer screen from unauthorized viewing.
