H B Majesty's Ship, Dublin
30 July 1843

Dear Sir

There has been some mistake at my not having had a reply to the note written by Mr. Pinhorne, in reference to the propriety of His Majesty & myself affixing our signatures to the Paper prepared by you, before the change of Flags - As I wish to be at the Kings house by Nine o'clock, to advise you of our movements; in fact to bring with me a programme of our doings both on shore

and afloat, I will with
permission of his Majesty do
myself the honor, in company
with my Secretary & Dr Rooke
be with you at that house
if you will kindly furnish
me with a conveyance, to be
at the Wharf, a quarter before
nine. Having transacted the
necessary business, I propose
leaving his Majesty's House,
ten minutes before him, so
that I may reach the ground
and prepare the troops for his
approach - Can you do me
the favor to send a message to
Dr Rooke, to be with you by

hour. The Manœuvres will
not occupy above an hour &
I hope will gratify the King

At quarter before three
the Barge will be in attendance
at the Wharf for His Majesty
and Chiefs: dinner will be
on the Table on arrival on
board — temperance and
propriety observed — and a
boat to return as early, and
whenever proposed.

I am
Dear Sir,
your obedt Servt
Rich.d Thomas

Dr. Judd.

P.S. I enclose the Programme
