COMPTROLLER'S MEMORANDUM 1995-25

TO: Heads of Departments
SUBJECT: Procedures for Parking Reimbursement

With reference to memorandums issued by the Department of Personnel Services on May 3, 1989, January 11, 1990, and July 23, 1990 regarding subject matter, whenever employees in Bargaining Units 02, 03, 04, 09, or 13 (including excluded counter-parts) are required to provide their personal automobile for work as a condition of employment as determined by the Employer, such employees shall be entitled to parking reimbursement benefits as provided in the applicable collective bargaining agreements or Executive Order.

In general, departments are required to identify positions which require the use of personal automobile as a condition of employment, determine if such employees are entitled to applicable parking reimbursement, and other related tasks. One specific task includes the inquiry with DAGS Automotive Management Division for the assignment of a Central Motor Pool vehicle for each position entitled to parking benefits.

Agencies which have previously submitted requests for vehicles for identified positions may wish to resubmit a request at this time. Vehicles currently available for rental include sub-compacts, compacts, and intermediates. A new rental schedule, recently disseminated to all departments, substantially reduces the monthly rate for older vehicles. Attached is a copy of the new rates.

Comptroller's Memorandum 1995-25
Page 2
September 1, 1995

With the availability of vehicles, agencies may reduce parking reimbursements to employees which is currently \$29.50 and \$17.50 per month for covered and uncovered stalls, respectively. Any increase in the parking rates will add to the department's reimbursement portion.

If you are interested in renting a vehicle, please submit a request in writing to our Automotive Management Division. If there are any questions, please call Mr. Harold Sonomura at 586-0343.
