Wailua Homesteads Lots  
7, 8 & 26, Wailua, Puna, Kauai.

Mr. Robert D. King,  
Principal Cadastral Engineer,  
Territorial Office Building,  
Honolulu, T. H.

Dear Sir:-

At your request of September 19, 1938, I surveyed Lot 26, Wailua Homesteads, and monumented the corners where monuments were missing. All corners are marked as shown on the ozalid print submitted herewith. Also shown on said ozalid print in broken lines in black ink is my location of the top of pali.

You will note from the print that I have changed Course 2 from  $95^{\circ} 15'$  272.6 feet to  $94^{\circ} 28'$  260.7 feet and Course 8 from  $190^{\circ} 27'$  352.0 feet to  $188^{\circ} 19'$  354.9 feet. These adjustments are necessary so as to have the description conform to the monuments I found on the ground. They also make the area of this Lot 28.58 acres.

In the matter of Lot 8, Wailua Homesteads, please be informed that since I found all of the original monuments on the ground I did not think any field work with the instrument was necessary.

Also submitted herewith is an ozalid print of Lot 7, Wailua Homesteads, on which is shown how the corners of said Lot 7 are marked. Azimuths and distances between the monuments on the ground which I found and located are also shown and you will notice that some of them differ with the record. I also want to draw your attention to the fact that a portion of this Lot 7 at its east corner is used for road and a portion of Puupilo Road is encroached upon on the north boundary of this lot. One just about compensates the other.

Respectfully submitted,

(s) Joseph A. Aiu  
Joseph A. Aiu  
Assistant Cadastral Engineer.
