CODE: G01   DEGREE OF ERROR: FATAL

MESSAGE: DOCUMENT LEVEL ERROR

DESCRIPTION OF ERROR: A transaction has been rejected with a fatal error.
All other transactions dependent upon the rejected transaction for processing
will be rejected with a G01 error code.

SYSTEM ACTION: If one transaction with a given document number is rejected
with a fatal error, then all transactions with that document number are
rejected with a document level error.

ACTION REQUIRED: Use the appropriate error correction transaction to correct
the transaction(s) with fatal error(s) and the transaction(s) with document
level errors will be automatically released.
