3. **Deputy Chairperson (Optional)** - Type in this information if a deputy chairperson is appointed. The Noncandidate Committee Electronic Filing Form is not required to add a deputy chairperson to the Organizational Report.
4. **Deputy Treasurer (Optional)** - Type in this information if a deputy treasurer is appointed. Up to 5 deputy treasurers may be entered. Only an appointed treasurer and deputy treasurer are authorized to receive contributions and make expenditures on behalf of the noncandidate committee. Typically, these are the authorized people on the bank's signature card. The Noncandidate Committee Electronic Filing Form is not required to add a deputy treasurer to the Organizational Report.
5. If you **do not** plan to receive aggregate contributions and make aggregate expenditures of more than \$1,000 for the election period, **check the box listed on the Organizational Report – see below.** Typically, this box will not be checked if this is your first time registering with the Commission. However, the box may be applicable for your noncandidate committee if you decide to remain registered in a subsequent election period and you do not have much activity. If that is the case, you must check the box and file an

Organizational Report by the fifth calendar day before the due date of the Preliminary Primary Report in an election year to be classified as a \$1,000 or less filer. Checking the box and filing the Organizational Report is required every election year your noncandidate committee remains registered with the Commission. Noncandidate committees who check this box and keep their activity below the \$1,000 threshold for the election period are only required to file one disclosure report in the election year called the Final Election Period due 30 days after the general election but are required to file the next required disclosure report and all subsequent reports thereafter if they exceed the \$1,000 threshold in an earlier report.

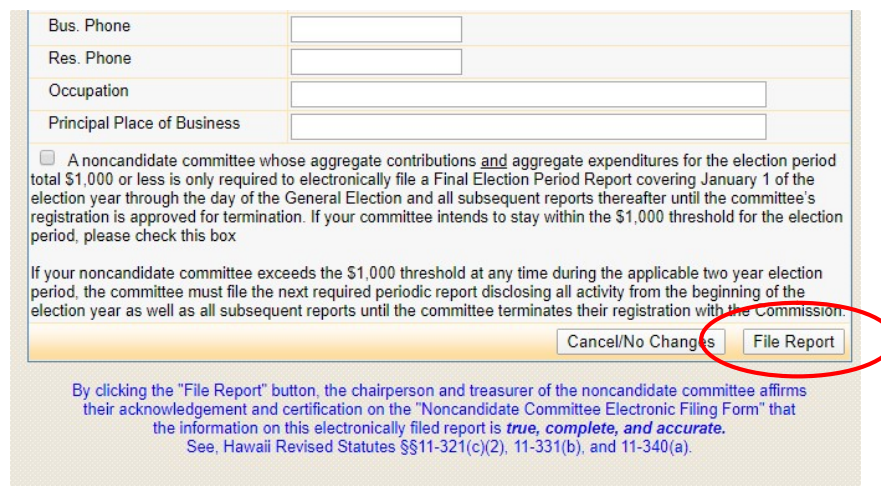

☐ A noncandidate committee whose aggregate contributions and aggregate expenditures for the election period total \$1,000 or less is only required to electronically file a Final Election Period Report covering January 1 of the election year through the day of the General Election and all subsequent reports thereafter until the committee's registration is approved for termination. If your committee intends to stay within the \$1,000 threshold for the election period, please check this box

If your noncandidate committee exceeds the \$1,000 threshold at any time during the applicable two year election period, the committee must file the next required periodic report disclosing all activity from the beginning of the election year as well as all subsequent reports until the committee terminates their registration with the Commission.

Scroll to the bottom of the screen and click **File Report**. Your noncandidate committee is now registered with the Commission.

**C. UPDATE/EDIT/AMEND ORGANIZATIONAL REPORT** - Within ten days of a change to your noncandidate committee, you are required to update, edit, and/or amend your committee's Organizational Report.

1. Click **Administration**
2. Click **Edit Organizational Report**. Enter the changes and scroll to the bottom of the screen.

## IV. REPORTING SCHEDULE

(Listed under **Administration**)

The **Reporting Schedules** screen contains a list of disclosure reports you must electronically file on the NCFS and their reporting deadlines. To simplify things, the Commission will add the required disclosure reports to your Reporting Schedules screen based on the election dates and your noncandidate committee's situation. It is critical that you check this screen often and record these deadlines in your calendar so that your committee is not fined for not filing a report or untimely filing a report.

- A. **OBTAINING A REPORTING SCHEDULE** - Reporting schedules are available by visiting the [Reporting Deadlines page](#) on the Commission website.
- B. **VIEWING REPORTING DEADLINES** - To view the required disclosure reports and reporting deadlines that the Commission have added to your reporting schedule in the NCFS:
1. Click **Administration**
  2. Click **Reporting Schedules**

The **Reporting Schedules** screen will list the report name, reporting period, and reporting deadline applicable to your noncandidate committee. Please refer to this screen for required reports until you terminate your committee with the Commission.

List of Reporting Periods		
REPORT NAME	REPORTING PERIOD	REPORTING DEADLINE

Final Primary	July 30 - August 13, 2022	09/02/2022

2nd Preliminary General	September 27 - October 24, 2022	10/31/2022
Final Election Period	October 25 - November 8, 2022	12/08/2022

Once a report is filed for a specific reporting period, it will be removed from your List of Reporting Periods. If you need to amend a report, just click the Amend Mode option and you will be able to amend, preview, print and file a previously filed report.

## V. ENTERING CAMPAIGN FINANCE ACTIVITY

(Listed under **Schedules**)

- A. **NAME TABLE** - Every contributor's/vendor's name and address entered into the NCFS will be stored here to prevent data duplication and to help keep track of aggregate contributions.

When you click on **Name Table**, the List of Names screen will be displayed. You can use the **Search** field (need to type in all capital letters) to find names previously entered. If a name does not appear in your search, the message "No records" will be displayed.

 A screenshot of the 'List of Names' screen. At the top is a 'Search' section with a 'NAME' text box, a 'TYPE' dropdown menu set to 'Select Value', and a 'Search' button. Below this is the 'List of Names' section, which shows 'Total Records: 0' and a table with headers: 'FULL NAME', 'NAME TYPE', 'ADDRESS1', 'OCCUPATION', and 'EMPLOYER'. The table body contains the text 'No records'. At the bottom of the table, there is an 'Add New' button circled in red, along with navigation buttons and a '1 of 1' indicator.

1. **ADDING A NAME** - To add a name to the Name Table, click **Add New**.
  - a. The Add/Edit Name screen will be displayed (the Federal/State Reports and URL fields are only applicable to Independent Expenditure Committees).

 A screenshot of the 'Add/Edit Name' screen. It contains various input fields: 'Name Type' (dropdown), 'First Name', 'Middle Initial', 'Last / Business Name', 'Suffix' (dropdown), 'Address 1', 'Address 2', 'City', 'State' (dropdown set to 'HI'), 'Zip Code', 'Occupation', 'Employer', 'Federal/State Reports' (dropdown), and 'URL'. The 'Federal/State Reports' dropdown menu is open, showing options: 'Select Value', '527 Reports', 'FEC Reports', 'State Reports', 'Contributor List', and 'Not Subject to Federal/State Reporting'. A 'Cancel' button is located at the bottom right.

Noncandidate committees making only independent expenditures that receive an aggregate contribution of more than \$10,000 within an election period from an entity other than an individual, for-profit business entity, or labor union must provide additional information:

- (1) The internet address where the contributing entity's disclosure report can be publicly accessed, if the source of the contributor's funds is subject to any state or federal disclosure reporting requirements;
- (2) The name, address, occupation, and employer of each funding source who contributed an aggregate amount of more than \$100 to the contributing entity; or
- (3) An acknowledgment that the contributing entity is not subject to any state or federal disclosure reporting requirements regarding the source of its funds.

- b. Under Name Type, select the appropriate category by clicking the down arrow.

- c. Enter the information that applies in the open fields, click **Add**.
- d. The List of Names screen will be displayed. Repeat the above steps to enter additional names.

Once a name has been entered, you do not need to "Add" that name again when entering a new transaction in Schedules A-E. This is important to prevent data duplication.

2. **EDITING/DELETING A NAME** - To edit/delete a name in the Name Table, when you click **Name Table**, a List of Names screen will be displayed.
  - a. Click on the person's/vendor's name under the heading Full Name.
  - b. The Add/Edit Name screen will be displayed. Make the necessary changes.

- c. Click **Submit**, which will bring you back to the List of Names screen; or
- d. Click **Delete**, then under Delete Record?, click **OK**.
- e. The List of Names screen will be displayed.

A name cannot be deleted from the Name Table if the name was used in a transaction activity reported in the NCFS. You can edit a name and address from your Name Table, but if the previous unedited name or address was filed in a report, a change to the name or address will not be reflected in that report. You will need to be in Amend Mode and change the name or address within the appropriate Schedule A-E then file that report in Amend Mode.

- B. SCHEDULE A - CONTRIBUTIONS RECEIVED** - All monetary and non-monetary (also known as in-kind) contributions to the committee must be reported on Schedule A. Contributions are anything of value including money, gifts, cancellation of debts or legal obligations, purchase of tickets to a fundraiser, etc., for the purpose of influencing the nomination for election, or the election, of any candidate to office.

You do not need to wait until a filing deadline or until the end of a reporting period to begin entering contributions received. All contributions must be entered in the NCFS but only aggregate contributions of more than \$100 will be itemized on Schedule A.

- (1) The internet address where the contributing entity's disclosure report can be publicly accessed, if the source of the contributor's funds is subject to any state or federal disclosure reporting requirements;
- (2) The name, address, occupation, and employer of each funding source who contributed an aggregate amount of more than \$100 to the contributing entity; or
- (3) An acknowledgment that the contributing entity is not subject to any state or federal disclosure reporting requirements regarding the source of its funds.

## VII. VALIDATE REPORT

The **Validate Report** feature in the NCFS permits you to validate certain entries before you file your disclosure report, and therefore, is designed to help you comply with campaign finance laws. We strongly advise that you use it as a prevention mechanism against campaign finance violations and potential fines. It is however optional and any warning resulting from using this tool does not prevent you from filing your report except for Name Validation.

- A. **NAME VALIDATION** - This validation checks for missing employer and occupation information for contributions received by an individual that aggregate more than \$100 during a noncandidate committee's two-year election period.

To activate this feature, when you click on **Name Validation**, the Select Reporting Period screen will be displayed.

1. Under **Reporting Period**, select the applicable reporting period you want to validate by clicking the down arrow.
2. Click **Validate**
3. Look under the Name heading.
  - a. If there are no contributors that contributed in aggregate of more than \$100 during the applicable election period who are missing the required employer and occupation information, it will say "No errors"

- b. If there are contributors listed under the Name heading, you will need to correct the errors notated.

- (1) Click on the contributor's name.
- (2) The Edit Name screen will be displayed. Enter the required employer and occupation information.

- (3) Click **Submit**
- (4) Click **Close Window** which will bring you back to the Select Reporting Period screen.
- (5) Repeat the above steps again (if necessary) until it will say "No errors."

**B. LIMITS ON CONTRIBUTIONS RECEIVED** - The limits on contributions received by a noncandidate committee depend on the kind of noncandidate committee that has registered with the Commission. The following list sets forth the statutory contribution limits:

1. Standard Noncandidate Committee - \$1,000 in an election;
2. Independent Expenditure Committee - Unlimited amount;
3. Ballot Issue Committee - Unlimited amount; and
4. Political Party - \$25,000 in any two-year election period.

**C. LIMITS ON CONTRIBUTIONS TO CANDIDATES** - Only Standard Noncandidate Committees and Political Parties can contribute to candidates and the limits depend on the office that a candidate is running for:

1. 2-year office (i.e., State House of Representatives, County Council (Hawaii, Maui, Kauai)) - \$2,000 per person during an election period;
2. 4-year non-statewide office (i.e., State Senate, Mayor, Prosecuting Attorney, Honolulu City Council) - \$4,000 per person during an election period; and
3. 4-year statewide office (i.e., Governor, Lt. Governor, Office of Hawaiian Affairs) - \$6,000 per person during an election period.

An excess contribution is any contribution over the legal limit. If an excess contribution is returned within seven (7) days of receipt and not deposited, the excess contribution is not required to be reported. If you miss the seven (7)-day return requirement, the excess contribution must be reported on the applicable disclosure report and returned to the original contributor within thirty (30) days of receipt of the excess contribution. Any excess contribution not returned to the original contributor within thirty (30) days shall escheat to the Hawaii Election Campaign Fund. Call the Commission at (808) 586-0285 to report the excess contribution to avoid fines imposed on the contributor.

## VIII. FILE REPORT

After making all your entries in Schedules A-E for a report and checking them for accuracy, you must electronically file the report with this function before the reporting deadline. Notably, you do not need to wait until the reporting deadline to file a report. You can begin filing reports as soon as the reporting period ends. See, Part IV - Reporting Schedule in this Manual.

Even if a committee has no activity to report for any applicable reporting period (e.g., received zero contributions or spent zero money) a disclosure report must be filed.

- A. DISCLOSURE REPORT** - The Disclosure Report is a summary of data in Schedules A-E for an applicable reporting period. The Commission strongly recommends that you preview/print the report (see, Part VI - Preview/Print Report in this Manual) and validate the report (see, Part VII - Validate Report in this Manual) prior to filing the report to make sure the report is true, complete, and accurate.
1. **FILING A DISCLOSURE REPORT** - To file a disclosure report, when you click on **Disclosure Report**, the Select Reporting Period screen will be displayed.

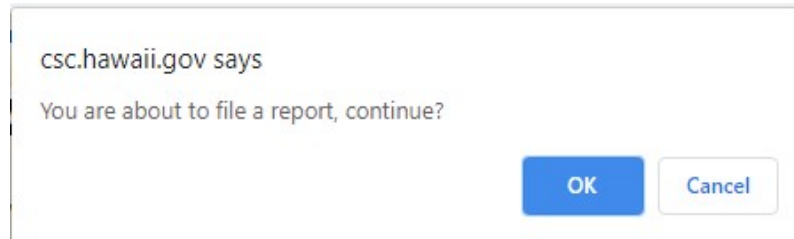

A screenshot of the 'FILE DISCLOSURE REPORT' screen. The title is in red. Below it, instructions say to preview, print, and validate the report before filing. A paragraph explains how to add a reporting period. A red circle highlights the 'Select Reporting Period' section, which contains a 'Reporting Period' label and a 'Select Value' dropdown menu. Below this is a 'File Report' button. A warning message states: '(Please do not click the "File Report" button more than ONCE)'. To the right of the button, a note says: 'By clicking the "File Report" button, the chairperson and treasurer of the noncandidate committee affirms their acknowledgement and certification on the "Noncandidate Committee Electronic Filing Form" that the information on this electronically filed report is true, complete, and accurate. See, Hawaii Revised Statutes §§11-321(c)(2), 11-331(b), and 11-340(a)'. At the bottom, there is a link to the eSign version of the form and a link to the 'Request for Termination of Registration' form.

- a. Under **Reporting Period**, select the applicable reporting period you want to file by clicking the down arrow. The reports listed on the drop-down are added by the Commission and are applicable to your noncandidate committee.

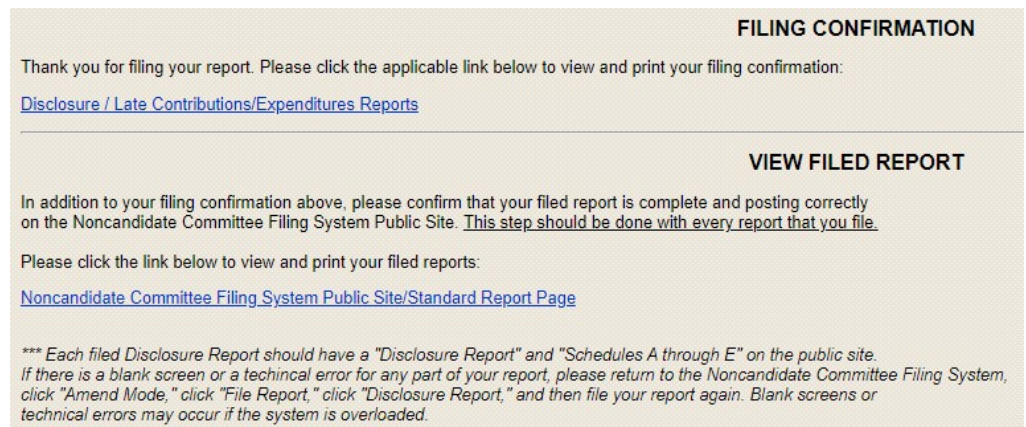

Once a disclosure report is filed online in the NCFS, the applicable reporting period will no longer appear under this heading unless you are in Amend Mode.

- b. Click **File Report** once
- c. A pop-up box will appear letting you know that you are about to file a report. Click **OK**.

- d. A **Filing Confirmation** screen will be displayed which will indicate that you have filed your disclosure report. Do not close the Internet browser before receiving filing confirmation.

2. **VIEW, CONFIRM AND PRINT A FILED REPORT** - Even though a **Filing Confirmation** screen was displayed, the Commission strongly recommends that committees view their filed report to make certain that a complete report (i.e., Disclosure Report and Schedules A-E) was filed with the correct reporting period. To view and print your report after filing, under **VIEW FILED REPORT**, click on the link listed, or:

- a. Go to [csc.hawaii.gov/NCFSPublic/ReportList.php](http://csc.hawaii.gov/NCFSPublic/ReportList.php) and under Search, type in the name of the noncandidate committee and click **Search**;
- b. The Noncandidate Committee List screen will be displayed. Click on the noncandidate committee's name;
- c. The List of Reports Filed screen will be displayed. Look for the Disclosure Report and Schedules A-E for the report and reporting period that was filed;

- d. Click **View Report** listed to the right of the Disclosure Report and Schedules A-E to confirm that each part of the report was successfully filed.

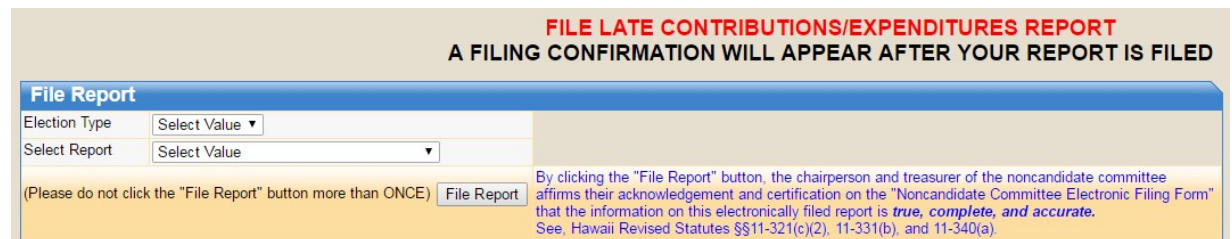

Once a Disclosure Report is filed in the NCFS, the report will no longer be available on the Reporting Period drop-down menu unless you are in Amend Mode. See, Part IX - Amend Mode in this Manual.

## B. LATE CONTRIBUTIONS/EXPENDITURES REPORT

These reports are not required if late contributions are not received or made to candidates, or are made to candidates who are not on the ballot, and if late expenditures are not made.

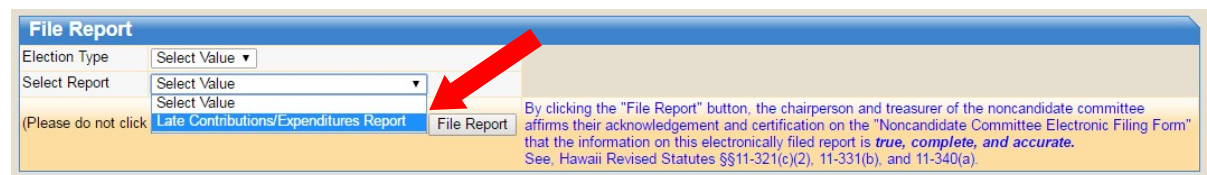

1. **FILING A LATE CONTRIBUTIONS/EXPENDITURES REPORT** - To file this report, when you click on **File Report**, choose Late Contributions/Expenditures Report. The following screen will be displayed:

- a. Under **Election Type**, select the applicable election you want to file a Late Contributions/Expenditures Report for (i.e., Primary, General, or Special) by clicking the down arrow.

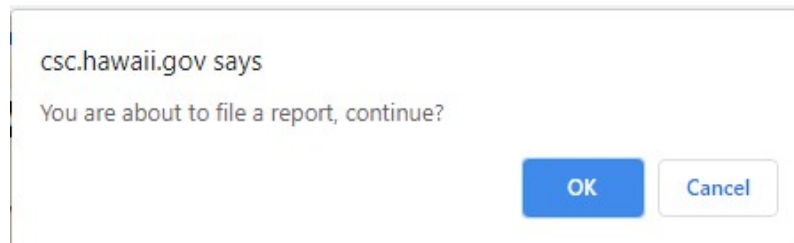

- b. Under **Select Report**, select Late Contributions/Expenditures Report by clicking the down arrow.

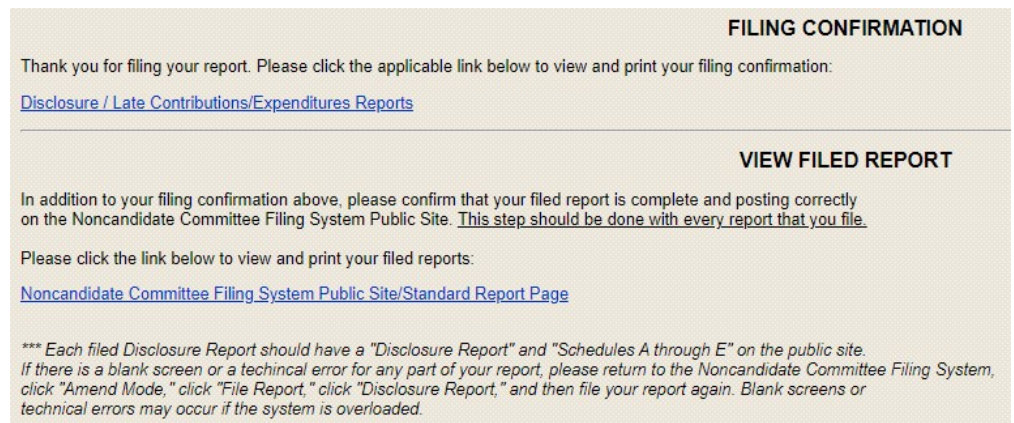

- c. Click **File Report** once

- d. A pop-up box will appear letting you know that you are about to file a report. Click **OK**.

- e. A **Filing Confirmation** screen will be displayed which will indicate that you have filed your Late Contributions/Expenditures Report. Do not close the Internet browser before receiving the filing confirmation.

2. **VIEW, CONFIRM, AND PRINT A FILED REPORT** - Even though a **Filing Confirmation** screen was displayed, the Commission strongly recommends that committees view their filed Late Contributions/Expenditures Report to make certain that a complete report was filed with the correct election. To view and print your report after filing, under **VIEW FILED REPORT**, click on the link listed, or:

- Go to [csc.hawaii.gov/NCFSPublic/ReportList.php](http://csc.hawaii.gov/NCFSPublic/ReportList.php) and under Search, type in the name of the noncandidate committee and click **Search**;
- The Noncandidate Committee List screen will be displayed. Click on the noncandidate committee's name;
- The List of Reports Filed screen will be displayed. Look for the Late Contributions/Expenditures Report that was filed;
- Click **View Report** listed to the right of the Late Contributions/Expenditures Report to confirm that the report was successfully filed.

## IX. AMEND MODE

When a report is electronically filed, data in Schedules A-E for that report is locked, and therefore, not accessible for correction or editing unless you are in Amend Mode.

This function allows committees to: (1) Add, edit, or delete any transaction in a report that was previously filed; (2) Preview and print previously filed reports; and (3) File amended reports.

To activate this feature, when you click on **Amend Mode**, a red bar with the words "Amendment Mode" will appear under the menu headings. To get out of Amend Mode, click **Amend Mode** again.

An amended report must be filed if an earlier report contains reasonably erroneous information which does not conflict with the chairperson's and treasurer's certification that the original report filed was true, complete, and accurate.

Make any necessary corrections in Schedules A-E and refile a report again in **Amend Mode**.

 Each report previously filed for a reporting period occurring after the amended report will also need to be refiled in **Amend Mode** if the amendment results in a change in the election period or cash on hand totals. If you refile a report in Amend Mode, a box will be automatically checked to show that you have amended a report.
