COMPTROLLER'S MEMORANDUM NO. 88-34

TO: Heads of Department and Agencies
ATTENTION: Risk Management Coordinators
FROM: Russel Nagata, Comptroller
SUBJECT: Tort Claims Against the State

The purpose of this memorandum is to notify all departments and agencies that the Attorney General has authorized the Comptroller to resolve property damage or loss and personal injury claims against the State up to $10,000.

Legal Reference: Act 266, SLH 1988, permits the Attorney General to refer claims arising under Chapter 662-11 to the Comptroller for resolution.

Discussion: The majority of claims handled by the Attorney General staff involve personal injury and property damage or loss of amounts less than $10,000. Better utilization of time and effort will be realized when these claims are handled by claim adjusters rather than attorneys. More time will be available to the legal staff to deal with much bigger cases. Loss prevention measures will be enhanced as the casual effects of the loss can be analyzed and treated by the Risk Management Staff of the Department of Accounting and General Services.

In order to utilize the most efficient method available for adjusting claims, Alexsis Risk Management, Inc. has been contracted to provide claims adjusting services.

Procedure: Effective October 1, 1988, all tort claims against the State filed with your department or agency shall be forwarded to the Department of Accounting and General Services, Risk Management Staff located in the Kalanimoku Building, Room 111B. The claimant will receive a written acknowledgment of the claim and be informed that an investigation will be conducted.
All claims will be analyzed by the Risk Management Staff to identify problems and improve loss control activities. The claims will be sent to the claims adjuster, Alexis, for resolution. Alexis will initiate an investigation of the claim which may involve your department or agency. Your full cooperation and participation in their investigation is requested. Based upon their investigation and evaluation, they will either deny the claim or recommend payment of the claim.

If payment is recommended, the Attorney General will review the settlement recommendation for approval. If the settlement is approved, payment will be made. If a settlement is not approved or cannot be reached, the claim will be denied or referred to the Attorney General for further action.

**Standard Forms (Attached):**

This form (Parts 3 & 4) is to be prepared by the immediate supervisor having authority or control over the incident/accident.

NOTICE TO CLAIMANT

In order that your claim for damages may receive proper consideration, you must supply the information called for on the claim form. All material facts should be stated on this form, as it will be the basis of further action upon your claim. Please read the instructions below carefully before the form is prepared.

INSTRUCTIONS

Claims for property damage, loss or destruction, or for personal injury, must be signed by the owner of the property or by the injured person, or by a parent, in the case of a minor. If that person cannot sign because of death, disability, or other reasons acceptable to the State of Hawaii, then the duly authorized agent or other legal representative may file the claim and must provide evidence satisfactory to the State of their authority to act.

The amount claimed should be supported as follows:

(a) For personal injury or death, the claimant must submit a written report by the attending physician, showing the nature and extent of injury, the nature and extent of treatment, the degree of permanent disability; if any, the prognosis, and the period of hospitalization, or incapacitation. The claimant or physician must attach itemized bills for medical, hospital, or burial expenses actually incurred.

(b) For damage to property which has been or can be economically repaired, the claimant must submit at least two itemized signed statements or estimates by reliable, disinterested concerns, or, if payment has been made, the itemized signed receipts showing actual payment.

(c) For lost or destroyed property or for damage to property which is not economically repairable, the claimant must submit statements as to the original cost of the property, the date of purchase, and the value of the property, both before and after the incident. Such statements should be by disinterested competent persons, preferably reputable dealers or officials familiar with the type of property damaged, or by two or more competitive bidders, and should be certified as being just and correct.

Please print in ink or use a typewriter to complete the claim form and submit in duplicate to:

Department of Accounting and General Services

Any further instructions or information necessary in the preparation of your claim will be furnished, upon request, by that office.
