Q1: Will a price preference be given to offerors that meet the qualifications of a Hawaii Software Development Business?

A1: Yes. Amendment A to include the following:

1.24 Preference for Hawaii Software Development Business

1.24.1 A ten percent (10%) price preference shall be given to Hawai'i software development businesses pursuant to HAR Chapter 3-124, subchapter 5, to Offerors that meet the qualifications of a Hawaii software development business as specified in HAR 3-124-33 (e.g. 80% of labor needs to be persons domiciled in the State of Hawai'i). For evaluation purposes, price is defined as Total Cost in the Cost Proposal. Copies of this rule are available at the State of Hawai'i, State Procurement Office website: <http://hawaii.gov/spo>. Click on Procurement Statutes & Administrative Rules from the Reference section of the right column menu, then click on The Hawaii Public Procurement Code. The preference will be applied to the Total Cost that Offeror submits as a complete package, and the preference is applied for evaluation purposes only. Awardees will be required to honor the cost submitted (not the cost resulting from the preference applied).

1.24.2 If applicable, Offeror shall indicate on form SPO-009 provided in APPENDIX I, CERTIFICATE OF ELIGIBILITY TO CLAIM PREFERENCE AS A HAWAII SOFTWARE

DEVELOPMENT BUSINESS whether Offeror is requesting the Hawaii software development business preference. An Offeror requesting a preference shall submit a completed certification form, SPO-009, in its Offer in the Cost Proposal. Any Offeror who fails to indicate that it is a Hawaii software development business will be presumed to be a non-Hawaii software development business and its Offer will be increased by ten percent for purposes of evaluation only.

1.24.3 The Procurement Officer may request additional information required to qualify the Offeror's Offer and applicability of the Hawai'i software development preference. Previous certifications shall not apply to this solicitation.
