

VENDOR LISTING IN ALPHA SEQUENCE

REPORT NUMBER: MBP463

SORT SEQUENCE OPTIONS: The sort sequence options for this report specify the type of vendors to display. The five options are as follows:

- 1 - Select all vendors
- 2 - Select foreign vendors
- 3 - Select Hawaii vendors
- 4 - Select vendor numbers with social security number
- 5 - Select vendors not included in 2-4 above

In addition to the sort sequence options identified above, a listing based on a specific department's vendors can be obtained by entering the position number from the Vendor Edit Table of the department in the Department Select Option field of the report request.

DESCRIPTION: The Vendor Listing in alpha sequence (illustrated in Exhibit VIII-38) is basically a table listing of all vendors in the Vendor Edit Table in alpha sequence. See Volume II, Chapter II, 'Table Maintenance Coding Procedures' for a detailed description of each of the vendor edit table data elements.

This report request cannot be entered through the report request screen. Instead, due to the expected large volume of output, it should be submitted directly to and coordinated with EDPD by central accounting.
