ERROR CODE MESSAGES FOR THE CONTRACT LEDGER TABLE

CODE: L00   MESSAGE: TRANS ALREADY EXISTS

DESCRIPTION OF ERROR: A Contract Ledger Table maintenance transaction already exists on the on-line hold file for the control key specified. To change an existing Contract Ledger Table maintenance transaction on-line, use the recall function.

CODE: L01   MESSAGE: ADD/MATCH ERROR

DESCRIPTION OF ERROR: A record already exists in the Contract Ledger Table for the control key specified. Contract Ledger Table maintenance transactions with a function code of "A" (add) must not find a matching record.

CODE: L02   MESSAGE: CHANGE/NO MATCH ERR

DESCRIPTION OF ERROR: A record does not exist in the Contract Ledger Table for the control key specified. Contract Ledger Table maintenance transactions with a function code of "C" (change) must find a matching record.

CODE: L03   MESSAGE: DELETE/NO MATCH ERR

DESCRIPTION OF ERROR: A record does not exist in the Contract Ledger Table for the control key specified. Contract Ledger Table maintenance transactions with a function code of "D" (delete) must find a matching record.

CODE: L04   MESSAGE: DELETE TRAN HAS DATA

DESCRIPTION OF ERROR: Invalid data was entered on a delete Contract Ledger Table maintenance transaction. Informational elements must be blank for the function to be valid.

CODE: L05   MESSAGE: INVALID FUNCTION

DESCRIPTION OF ERROR: An invalid function has been entered in this Contract Ledger Table maintenance transaction. Valid values are "A", "C", "D" and "P".

CODE: L06   MESSAGE: INVAL RECORD NO

DESCRIPTION OF ERROR: An invalid record number has been entered in this Contract Ledger Table maintenance transaction. Valid values are 1-9.

CODE: L07   MESSAGE: CONTR NO NOT ON FILE

DESCRIPTION OF ERROR: A contract number does not exist in the Contract Ledger
Table for the contract suffix being entered in this Contract Ledger Table
maintenance transaction. Contract suffix maintenance transactions with a
function code of "A" (add) must find a matching contract number.

CODE: L08   MESSAGE: INVALID CONTRACT NO

DESCRIPTION OF ERROR: An invalid contract number has been entered in this
Contract Ledger Table maintenance transaction. All zeroes or spaces are not
allowed.

CODE: L09   MESSAGE: DES I REQUIRED

DESCRIPTION OF ERROR: The first occurrence of the description for this
Contract Ledger Table maintenance transaction cannot be blank.

CODE: L10   MESSAGE: INVALID ENC DATE

DESCRIPTION OF ERROR: An invalid encumbrance date has been entered in this
Contract Ledger Table maintenance transaction. If coded, valid values are
01-12 for month, 01-31 for day, and 00-99 for year.

CODE: L11   MESSAGE: INVALID START DATE

DESCRIPTION OF ERROR: An invalid contract start date has been entered in this
Contract Ledger Table maintenance transaction. If coded, valid values are
01-12 for month, 01-31 for day, and 00-99 for year.

CODE: L12   MESSAGE: INVALID END DATE

DESCRIPTION OF ERROR: An invalid contract end date has been entered in this
Contract Ledger Table maintenance transaction. If coded, valid values are
01-12 for month, 01-31 for day, and 00-99 for year.

CODE: L13   MESSAGE: INVALID REV END DATE

DESCRIPTION OF ERROR: An invalid revised end date has been entered in this
Contract Ledger Table maintenance transaction. If coded, valid values are
01-12 for month, 01-31 for day, and 00-99 for year.

CODE: L14   MESSAGE: INVALID STOP DATE

DESCRIPTION OF ERROR: An invalid contract stop date has been entered in this
Contract Ledger Table maintenance transaction. If coded, valid values are
01-12 for month, 01-31 for day, and 00-99 for year.

CODE: L15   MESSAGE: INVALID VENDOR NO

DESCRIPTION OF ERROR: If coded, the vendor number and suffix or assignee
number and suffix used in this Contract Ledger Table maintenance transaction
must match a vendor number and suffix in the Vendor Edit Table.

CODE: L16   MESSAGE: INVALID RETAIN PCT

DESCRIPTION OF ERROR: An invalid retainage percentage has been entered in
this Contract Ledger Table maintenance transaction. If coded, valid values
must be numeric and not greater than 100.

CODE: L17   MESSAGE: INVALID APPN SYM

DESCRIPTION OF ERROR: If coded, the first occurrence of the appropriation
symbol in this Contract Ledger Table maintenance transaction must match an
appropriation symbol in the Appropriation Account Table.

CODE: L18   MESSAGE: INVALID STATE AMT

DESCRIPTION OF ERROR: An invalid value has been entered for state contract
amount in this Contract Ledger Table maintenance transaction. If coded, valid
values are numeric.

CODE: L19   MESSAGE: INVALID FEDERAL AMT

DESCRIPTION OF ERROR: An invalid value has been entered for federal contract
amount in this Contract Ledger Table maintenance transaction. If coded, valid
values are numeric.

CODE: L22   MESSAGE: INVALID OTHER AMT

DESCRIPTION OF ERROR: An invalid value has been entered for other contract
amount in this Contract Ledger Table maintenance transaction. If coded, valid
values are numeric.

CODE: L23   MESSAGE: INVALID TOTAL AMT

DESCRIPTION OF ERROR: The total contract amount entered in this Contract
Ledger Table maintenance transaction must equal the sum of the state, federal
and other contract amount fields.

CODE: L24   MESSAGE: INVALID CONTR SFX

DESCRIPTION OF ERROR: An invalid value has been entered for the contract
suffix in this Contract Ledger Table maintenance transaction. The contract
suffix cannot contain embedded blanks.

CODE: L25   MESSAGE: INVALID SUFFIX AMT

DESCRIPTION OF ERROR: An invalid value has been entered for the contract
suffix amount in this Contract Ledger Table maintenance transaction. Valid
values are numeric.

CODE: L26   MESSAGE: VALUES REQUIRED

DESCRIPTION OF ERROR: This Contract Ledger Table maintenance transaction must
contain a value in either the state, federal or other contract amount fields.

CODE: L30   MESSAGE: INVALID PURGE IND

DESCRIPTION OF ERROR: An invalid contract purge indicator has been entered in
this Contract Ledger Table maintenance transaction. Valid values are 'Y' and
blank.

CODE: L31   MESSAGE: INV CONTINGENCY IND

DESCRIPTION OF ERROR: An invalid contract contingency indicator has been
entered in this Contract Ledger Table maintenance transaction. Valid values
are 'C' and blank.

CODE: L32   MESSAGE: INVALID FEDERAL IND

DESCRIPTION OF ERROR: An invalid contract federal indicator has been entered
in this Contract Ledger Table maintenance transaction. Valid values are 'F'
and blank.

CODE: L45   MESSAGE: INVALID LEVY NO

DESCRIPTION OF ERROR: An invalid levy number/levy suffix has been entered in this Contract Ledger Table maintenance transaction. If coded, valid values are alphanumeric for levy number and 01-99 for levy suffix. All zeroes or embedded blanks are not allowed.

CODE: L46   MESSAGE: INV LEVY NO/SUFFIX

DESCRIPTION OF ERROR: The levy number/levy suffix entered in this Contract Ledger Table maintenance transaction must match a vendor number and suffix in the Vendor Edit Table.

CODE: L47   MESSAGE: INVALID ASSIGNEE

DESCRIPTION OF ERROR: An invalid value has been entered for the assignee number and suffix in this Contract Ledger Table maintenance transaction. If coded, the assignee number and suffix must be defined in the Vendor Edit Table and vendor number and suffix must be present.

CODE: L50   MESSAGE: INVALID VENDOR NO/SFX

DESCRIPTION OF ERROR: An invalid vendor number/vendor suffix has been entered in this on-line Contract Ledger Table maintenance transaction. Valid values are alphanumeric for vendor number and 01-99 for vendor suffix. If assignee is coded, vendor number and suffix must also be coded.

CODE: L51   MESSAGE: INVAL ASSIGNEE NO/SFX

DESCRIPTION OF ERROR: An invalid assignee/assignee suffix has been entered in this on-line Contract Ledger Table maintenance transaction. If coded, valid values are alphanumeric for assignee and 01-99 for assignee suffix. All zeroes or embedded blanks are not allowed.

CODE: L52   MESSAGE: INVALID DEPARTMENT

DESCRIPTION OF ERROR: An invalid department has been entered in this on-line Contract Ledger Table maintenance transaction. If appropriation symbol is coded, then department must be coded. Valid values are alphabetic for the first position and numeric or blank for the second position.

CODE: L53   MESSAGE: INVALID APPN SYM

DESCRIPTION OF ERROR: An invalid appropriation symbol has been entered in
this on-line Contract Ledger Table maintenance transaction. Valid values are
alphabetic for fund, numeric for fiscal year, and numeric for appropriation
symbol.

CODE: L54   MESSAGE: INV DEL FUNC W/CT HD

DESCRIPTION OF ERROR: The function code of "E" is invalid for this Contract
Ledger Table maintenance transaction. Valid header delete function is "D".

CODE: L55   MESSAGE: INV DEL FUNC W/CT DT

DESCRIPTION OF ERROR: The function code of "D" is invalid for this Contract
Ledger Table maintenance transaction. Valid detail delete function is "E".

CODE: L56   MESSAGE: INV CONTR CATEGORY

DESCRIPTION OF ERROR: An invalid contract category indicator has been
entered. The valid values for this field are "B" (Basic), "E" (Extra), "R"
(Reimbursable), or "blank".
