I. Goal

The program will endeavor to protect the State against catastrophic losses and to minimize the total cost of risk.

II. Objectives and Policies

- A. Identify and analyze the State's loss exposures to determine risks that should be self-insured versus commercially insured and purchase applicable Statewide property, liability, cyber and crime insurance policies at cost effective terms.
- B. Coordinate loss control and cost containment activities to minimize accidental and fortuitous losses.
- C. Settle informal tort claims (up to \$10,000), adjust automobile claims (up to \$15,000) and property losses fairly and promptly.
- D. Manage the Risk Management revolving fund to assure the availability of funds for the purchase of insurance policies, payment of self-insured and insured losses, and other administrative costs of the risk management program.
- E. Operate and maintain a risk management information system with current information to identify and analyze loss exposures to determine frequency and severity of losses, to forecast losses, and to determine the most economical method of financing losses.

III. Action Plan with Timetable

- A. Identify and analyze the State's loss exposures to determine risks that should be self-insured versus commercially insured and purchase applicable Statewide property, liability, and crime insurance policies at cost effective terms.

Past Year Accomplishments

1. Purchased property insurance policy with named windstorm, earthquake and flood limits of \$200 million per occurrence. The premium was \$8.6 mil, an increase of \$500,000 from FY 17. The property all other peril (AOP) deductible remained at \$1 million per occurrence. The deductible for the catastrophic losses (hurricane, earthquake, and flood, including tsunami) remained at 3% of the value of the building and contents. The excess liability policy was purchased with limits of \$9 million per occurrence an increased from \$7.5 million per occurrence in FY 17. The premiums increased from \$1.5 million in FY 17 to \$2.2 million in FY 18, an increase of \$700,000. The liability self-insured retention remained at \$4 million per occurrence. The crime insurance policy was purchased with the same limits as FY 17; \$10 million per occurrence. The premium was \$119,554 in FY 18, a decrease of \$289 from FY 17.
2. Due to the passing of Act 062 which amended HRS 41-D to allow the Comptroller, through the risk manager, to acquire insurance broker services on a fixed fee basis. This will save \$1.3 million in compensation to the insurance brokers for FY 19.
3. Established a new insurance broker fixed fee contract with Marsh USA, Inc. The agreement is a three (3) year term with annual fixed fee with two (2) additional twelve (12) month periods to be negotiated.
4. Updated property data to identify all State buildings and determine replacement cost value for the purpose of insurance coverage with ongoing updates (property additions or deletions). This is a critical component in the marketing of the State's property insurance program and determining the Cost Allocation for all state departments.
5. Issued 511 Statements of Self-Insurance for various agencies which facilitated the use of non-State owned facilities or equipment, an increase of 3, from FY 17. This increase was due to more statements being requested.
6. Continued to update the Risk Management Manual.

IV. Performance Measures

- A. Customer Satisfaction measure - The program receives feedback from training evaluations to improve performance. The training evaluations consistently are rated as valuable. The sessions involving the insurance requirements for contracts

have assisted agencies in identifying the types of insurance required for their contracts and have provided tools to determine if the vendor has met the contract requirements.

- B. Program Standard measure – Monitor the Measures of Effectiveness for timely resolution of claims and payments, as well as the timely purchase of the State’s property, excess liability, and crime insurance.
- C. Cost Effectiveness measure - Establish acceptable deductibles or self-insured retentions for the property, excess liability, and crime insurance. In addition, consider revising and adding additional deductibles for claims based upon frequency or cause, such as preventable automobile accidents. Investigate ways to contain and/or minimize the frequency and severity of losses that have greatest impact on total cost of risk.
