COMPTROLLER'S MEMORANDUM NO. 2020-24 - AMENDED

TO: Department Heads

FROM: Curt T. Otaguro, Comptroller
Department of Accounting and General Services

SUBJECT: Travel Policy Relating to COVID-19 For State Employees Returning From Out-Of-State Travel

Comptroller's Memorandum No. 2020-24 has been amended in light of changes to inter-county travel under the Governor's 21st Emergency Proclamation Related to the COVID-19 Emergency and also to clarify requirements for State employees traveling out-of-state, whether or not they have completed a vaccination regimen approved by the Hawaii Department of Health ("vaccinated employees").

INTER-COUNTY TRAVEL

State employees traveling inter-county for personal or business purposes are no longer subject to any travel restrictions or protocol when returning from such inter-county travels.

OUT-OF-STATE TRAVEL

All employees traveling out-of-State for work-related or personal purposes, and whether such employees are vaccinated or not, must still obtain approval from their department directors prior to returning to the workplace.

Department directors have full discretion to determine if employees traveling out-of-State can return to the workplace in a socially distanced environment or whether such employees must self-quarantine at home for up to 10-days prior to returning to the workplace. Although teleworking is preferred for employees who are requested to self-quarantine at home, those employees unable to telework may take personal leave if required by their department director to self-quarantine for up to 10-days prior to returning to the workplace.

Employees traveling out-of-state for personal reasons must discuss their return to the workplace with their supervisors before committing to their personal travel.
