

DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES
ANNUAL REPORT ON GOALS, OBJECTIVES AND POLICIES

January 2023

Program ID/Title: AGS 240/State Procurement

Contact Person/Phone: Bonnie Kahakui/(808)587-4701

I. Goals

The goals of the State Procurement Office (SPO) are to best serve the taxpayers of Hawaii and stakeholders in State and County agencies by providing effective and efficient procurement and inventory management practices, with quality, timeliness, maximizing competition, and maintaining integrity. To achieve the greatest value from procurement resources while creating a procurement environment and framework which nurtures a strong vendor community and peak vendor performance; to uplift the procurement career field across the State with a training and certification program to enhance the services and products provided to the citizens of the State of Hawaii, protect taxpayers' monies, and successfully implement programs.

Mission: The SPO acts as a strategic partner to foster public confidence by promoting procurement life-cycle excellence, program success, and government accountability.

Vision: To create transformative leadership for public procurement excellence.

II. Objectives and Policies

A. Procurement Training

- Improve the state training program to ensure that the State of Hawaii develops a proficient workforce of procurement professionals who expend public funds in a manner that is compliant with applicable statutes, rules, and policies.
- Subject to appropriated funds, continue developing a Hawaii State Procurement Certification process that will guide the career field within the State and to allow for certified levels of trained journeymen and experts.
- Expand the Learning Management System (LMS) to the non-executive branch procurement jurisdictions. In 2021, the SPO and Department of Human Resources and Development (DHRD) launched procurement training courses on Captivate Prime LMS. This statewide procurement training and certification is a vital tool that allows state and county procurement personnel to use a single sign-in portal and access a catalog of all existing SPO trainings and other department workshops, register for training online, take relevant procurement courses on-demand, and receive certification by demonstrating comprehension

of the subject through passing quizzes. The LMS will further improve SPO's training program by:

- Offering a centralized source of learning,
- Automating data-keeping and reporting procedures,
- Bolstering knowledge retention with evaluation capabilities, and
- Simplifying the learning process.

B. Electronic Procurement Systems

- Integrate electronic purchasing to automate procurement processes, reduce procurement cycle times, and increase the competition for goods, services, and construction through a statewide procurement automation system.
- Consolidate procurement notice and award databases with an eProcurement System for the following purposes: 1) create a more user-friendly single point of access for state procurement personnel; 2) create a more user-friendly single point of access for vendors and the public searching for opportunities to do business with the state and searching contract awards; 3) create a single source for accessing procurement data for analysis to enable strategic sourcing.
- Develop an eMarketplace available to all State agencies, including local government entities and institutions of higher education to purchase goods and services in a quick and efficient manner.
- Develop a One-Stop-Shop site, which will pull all solicitation and notice information from across the 21 Chief Procurement Officer Jurisdictions to one page that can be accessed by all interested vendors in order to enable business growth and economic development in Hawaii. Not only will this create a more responsive vendor market, but it will also give the State meaningful business analytics on the state of procurement across Hawaii.

C. Purchasing Card (pCard) Program

- Provide a robust program for the State of Hawaii that will allow the State to manage the purchasing card program and individual departments to pro-actively manage and control pCard spend.
- Continuously improve its state-of-the art electronic program without the need for special hardware or software and utilize improved technology and business processes for all users that increases efficiency, reduces costs and with mobile connectivity eliminates paper-based processes.

D. Procurement Resources

- Provide a variety of price and vendor list contracts that agencies benefit by receiving discounts on goods and services due to volume purchases. Additional advantages to cooperative contracts are efficiency savings – the administrative, procurement and contract management realized by each agency or jurisdiction, rather than having to solicit individual contracts, resulting in multiple contracts for the same commodity or service. Instead, these processes are managed by the SPO, and all participating jurisdictions and agencies are the beneficiaries of cooperative purchasing.
- Provide consultation and advisory services to departments, its user agencies, and other jurisdictions as the subject matter experts on the State Procurement Code.
- Provide procurement services to individual stakeholders by conducting procurement that impacts the State that results in systemic value to the State's business activity.
- Assist, advise, guide, and train purchasing agencies relating to planning and procuring health and human services.
- Review and process Executive Branch requests for chief procurement officer approval and protest requests for reconsideration. Conduct reviews and investigations of procurements of health and human services, as necessary.
- Maintain databases: 1) awards/contracts; 2) request for proposals; 3) requests for chief procurement officer approval; and 4) planned purchases reports.
- Prepare Hawaii Revised Statutes (HRS) Chapter 103D and 103F legislation and amendments to its administrative rules, as applicable.

E. Procurement Compliance and Legislative Actions

- Provide Policy and Compliance consultation to State agencies and the public on policies and guidance on statewide procurement procedures, standards, and guidelines to ensure compliance with all procurement statutes, rules, directives, and policies. As stewards of HRS Chapter 103D, Hawaii Public Procurement Code, the SPO shall continue to actively participate in the legislative process by preparing legislation and advising on revision to the procurement code.
- Review bills during each legislative session and provide guidance to properly implement the provisions of the legislation through drafting of administrative rules.
- Oversee other aspects to ensure that all procurement is conducted in compliance with the Hawaii Public Procurement Code, such as conducting investigations due

to public complaint, reviewing Hawaii Product applications, creating contract log statistics for the Executive Department; developing Protest Statistics, and processing Chief Procurement Officers requests for approvals for Sole Source, Procurement Exemptions, Emergency Procurement, Restrictive Specifications, Contract Extensions, Procurement Violation Investigations, Delegation and Training, Contractors Suspension and Debarment and Hawaii Compliance Express.

- Develop guidance and administrative rules to administer a past performance database for Competitive Sealed Bids, Competitive Sealed Proposals, and Sole Source Procurement.
- Continue reviewing Hawaii Administrative Rules (HAR), specifically HAR 3-120 through 3-131, for clarity, consistency and adherence with procurement statutes and best practices.

F. Inventory

- Continue to ensure accurate inventory reporting and compliance with policies and procedures pertaining to the management and recording of State property.
- Maintain the acquisition and transfer of property document files to confirm and verify the transferring of property between State agencies is properly documented.
- Review property disposal applications submitted by the executive departments, excluding Department of Education, Hawaii Health Systems Corporation, Office of Hawaiian Affairs, and University of Hawaii, to ensure conformance to the requirements of the rules and policies and procedures pertaining to proper disposal of State property.

G. Travel

- Provide consistent policies and procedures for coordination and arrangement of travel for authorized business travel.
- Assist, guide, and train state personnel relating to travel coordination and arrangements.
- Conduct procurements relating to travel including, car rental and inter-island airfare.

H. Agile Acquisition

- Research and support agile acquisition initiatives that streamline processes and create a more efficient and effective procurement system that best serve State

Agencies and Executive Branch Departments.

- Actively work on improving communications across State Agencies, to share and incorporate best practices, and share lessons learned.
- Work on improving the culture of discussion and cooperation between State Agencies to offer consistent practices, cost savings and enhance timeliness of procurements.
- Provide all State and County employees with government email domains access to resources and guidance through the Sustainable Purchasing Leadership Council (SPLC) for Hawaii’s transition towards a sustainable future. Sustainability guidance are provided on categories such as electronics/IT hardware and services, furnishings, food services, transportation and fuels, construction and renovation materials, energy efficiency and renewable energy, and professional services.
- Participate in strategic actions to enhance the economic growth of Hawaii and support innovative, sustainable programs that enhance the lives of the people of Hawaii.

IV. Performance Measures

A. Customer Satisfaction Measures

1. Data from customer satisfaction surveys are collected with attendees of procurement training presentations.
2. Other stakeholder surveys are conducted as needed.
3. Program target groups (including purchasing jurisdictions serviced via cooperative purchasing price and vendor list contracts, statewide inventory accounts, number of agencies issuing health and human service solicitations, and number of purchasing card holders) are being measured annually.

B. Program Standard Measures

1. Program reviews are being done on SPO’s training program and HIePRO as well as on other procurement and inventory functions. For example, other reviews cover compliance of inventory reporting in the State’s financial statements and number of purchasing jurisdictions serviced by cooperative purchasing price and vendor list contracts.
2. pCard usage and expenditures are analyzed using reports from the pCard system to review the number of purchasing cards being used by the agencies and the dollar value of pCard purchases annually. Also reviewed is the ratio of pCard transactions over purchase order transactions.

C. Cost Effectiveness Measures

1. Reviews are being done on monetary savings resulting from the awarding of contracts using the HIePRO. Similarly, trend analyses are being accomplished for monetary savings stemming from the awarding of price and vendor list contracts.
2. Monetary savings from the transfer of State property between custodians are being measured.
3. Rebates received for purchasing card transactions provides an actual total of funds returned to the State.
