

**STATE OF HAWAII | KA MOKU'ĀINA O HAWAII**  
**DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES | KA 'OIHANA LOIHELU A LAWELAWE LAULĀ**  
**AUTOMOTIVE MANAGEMENT DIVISION**

**MISSION:**

To provide safe, reliable, and cost-effective vehicle and transportation services that support State operations, while advancing sustainability through the transition to low-emission and zero-emission vehicles.

**Role of the Motor Pool:**

- ~ Offering long-term leasing and daily rental of vehicles for official State business, reducing the need for individual agency-owned vehicles.
- ~ Managing acquisition, maintenance, and replacement of State fleet vehicles to ensure efficiency and accountability.
- ~ Maximizing shared use of vehicles to reduce overall fleet size and operating costs.
- ~ Ensuring vehicles are properly maintained, safe, and compliant with all regulations.
- ~ Supporting the State's climate goals by integrating electric vehicles (EVs) and low-emission vehicles into the fleet.
- ~ Planning and deployment of EV charging infrastructure to support fleet electrification.
